# Summary

Main activities that we have carried out within the project and with the help of our partners:

- An introductory course and an initial training course with around 18 participants
- Audit campaign in which we have gathered data and made an on site visit of 10 companies (two more than planned)
- An advanced training course with around 16 participants
- Two national conferences with more than 50 participants in each
- Translation of all the Einstein materials in Bulgarian language
